Far West Water and Sewer Co.  
Con

We are currently renting a RV parking space at this address. Since we have arrived the odor from the nearby golf course have been almost unbearable. Neighbors have told us this is because of effluent from Far West sewage treatment plant is used on the golf course. We understand that they have just recently been granted a large increase in sewer rates. We feel the Commission needs to take a second look at this docket. Odors like this don't deserve any increase in rates.
